

Hi,

We are writing to inform you of a security incident affecting your TuneIn, Inc. ("TuneIn") account which has impacted your information. Please read this letter carefully and contact us with any questions.

**What happened?** On March 15, 2023, TuneIn detected an unusually large volume of failed login attempts to customer accounts. We quickly took steps to investigate and, on around March 20, 2023, determined that from around March 13, 2023 until approximately March 18, 2023, an unauthorized third party had accessed a list of usernames and passwords, likely obtained from some other source, to successfully log into our customers' accounts. Our own systems were not compromised. However, we strongly believe that an unauthorized third party knows and has utilized your username and password for your account. This username and password combination may potentially also be known to others.

**What information was involved and what are the likely consequences?** The unauthorized third party may have viewed your username and password. The unauthorized third party may try to further use this information to gain access to other accounts that use the same password.

**What are we doing?** For your security, we have reset your account password. In addition, we took numerous measures to counter the efforts of this unauthorized third party and to impede their efforts to validate credentials and access accounts, including implementing rules to block traffic associated with this third party.

**What can you do?** We recommend urgently changing your password, not only with TuneIn, but also on all other sites where you may have used the same password.

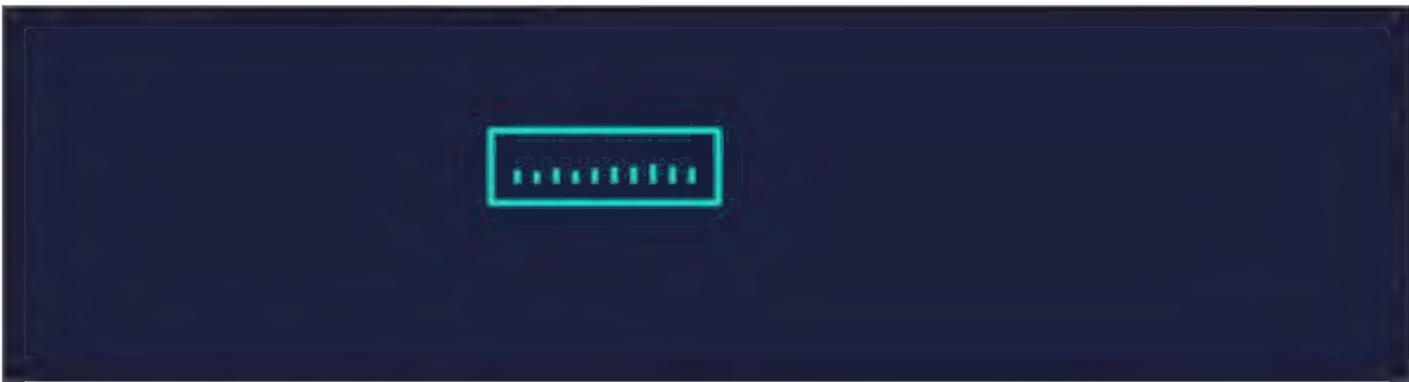

Practicing password hygiene — such as changing passwords on a regular basis, not using the same password more than once, and using unique and complex passwords — is highly recommended and makes it less likely an unauthorized third party could gain access to accounts across services that use the same password.

**For More Information.** We deeply regret that this happened and any concern that this situation has caused. This notification was not delayed due to a law enforcement investigation. We take this situation seriously and have taken and continue to take steps designed to prevent this type of incident from happening in the future.

If you have questions, please contact us at [privacy@tunein.com](mailto:privacy@tunein.com).

Thank you,  
The TuneIn Team
